\* Long-hafted, pointed weapons, such as the spear, lance (when used dismounted), pole arm, or trident, inflict double damage when set to receive a charge and the foe actually charges. The lance inflicts double damage when used by a character riding a charging heavy warhorse or similar animal; if the attacker is mounted on a normal riding or cavalry horse, the damage should be reduced.

Otherwise the strength damage bonus with missile weapons is restricted to hurled weapons (axes, hammers, clubs, darts, javelins and spears).
