

LA CATEDRAL

{ The Cathedral }

The jewel of the downtown district. Colonial towers toll their heavenly songs each day, calling for los fieles. Inside, the air smells of incense and burning candles, but also of wealth and communal guilt.

LA CATEDRAL

When you seek asylum in La Catedral, roll with Heat. Subtract 1 for each true statement:

- ☞ You're wounded or clearly in danger
- ☞ You're a true believer or willing to lie
- ☞ You brought *dinero* to “donate” to the church's cause

On a miss, you are safe here, for now.

On a 7-9, the priests welcome you, but you have to suffer through a patronizing *sermón*; mark 2 stress. On a 10+, they won't have you staining *la casa de Dios* with your shit; you're out in the cold, *cabrón*, and *los lobos* are at your heels.

“LAS VENTANAS”

{ Restaurant }

Power is no good if you can't show it off. At Las Ventanas, the powerful come for luxury dinners that do as much for their reputations as for their appetites. When dining here, the size of your wallet matters more than the size of your gun!

“LAS VENTANAS”

When you share a meal with someone at Las Ventanas and pick up the check, roll with Face instead of Hustle when you try to *pressure someone*.

VETERINARIA “FIDO”

{ Vet Clinic }

There is something shady about Fido. People have been coming and going in the cover of night, leaving trails of blood on the sidewalk. How desperate one must be to come to a vet for medical attention!

VETERINARIA “FIDO”

When you are badly wounded and go to Fido to get patched up, roll with Grit. On a hit, the vet has everything they need on hand; you'll live, but you leave the operation with a full stress track. On a 7-9, the vet's work is rough; reduce your Grit or Savagery—your choice—by 1. On a miss, the vet does their best, but it's not enough; reduce your Grit or Savagery—your choice—by 1, *güey*, and get to a real hospital before your time is up.

CASA DE CITAS

{ Brothel }

They say dinero can buy you almost anything in this world. At la casa de citas, this is a universal truth. But you better be careful, cabrón, a house of pleasure can very easily become a house of pain.

CASA DE CITAS

When you throw an expensive and wild party at the brothel, roll with Hustle. On a hit, you find the experience *refrescante*; clear three stress. On a 10+, you also hear some gossip or rumors about your *enemigos* from someone working at the *casa*. On a miss, your vices put you in a bad spot: someone catches you in a vulnerable position or an old debt comes due, your choice.

“LOS HERNÁNDEZ”

{ Butcher Shop }

Breaking bones and slicing meat both require the right tools for the job. The butcher's trade is a messy one; you better know what you are doing, culero, or the blood can end up all over your face.

“LOS HERNÁNDEZ”

When you torture and kill an NPC at Los Hernández to send a message to their friends or allies, mark three stress and roll with Savagery. On a hit, they hear you loud and clear; hold 2. Spend your hold—one for one—to take a 10+ instead of rolling when you *pressure* or *propose a deal* to one of the NPC’s friends or allies. On a 7-9, your brutality shocks everyone; permanently raise your Heat by 1. On a miss, the murder merely emboldens your *enemigos*; they strike back at you in a clever and unexpected way.

- ☞ Do they understand the danger they are facing? Take +1
- ☞ Do they have a famous face or reputation? Take -1
- ☞ Do they pose a threat to a powerful *narco*? Take -1

On a hit, they stay put and safe. On a 7-9, they are too nervous; mark two stress as you reassure them or let them bolt, your choice. On a miss, they flee at the first opportunity or their enemies arrive in force, MC's choice! *Chíngale!*

CENTRO “LOS ARCOS”

{ Shopping Mall }

People who think Mexico is just shacks and deserts don't know ordinary life. Everyone comes to the mall here too, cabrón, even los narcos. Visit the food court, buy some sporting goods...but don't forget to watch your back.

CENTRO “LOS ARCOS”

When you *turn to violence* in the shopping mall by ambushing your enemies, roll with Hustle instead of Savagery. On a miss, your clever attack is caught on film by someone in the panicked crowd; take +1 ongoing to Heat until you find some way to throw *los federales* off your trail.

BAR “LA CATRINA”

CRUZ ROJA

When you are badly wounded and go to the Cruz Roja to get patched up, roll with Heat. On a miss, they'll fix you up, but they want a promise of money, protection, or favors, MC's choice.

On a 10+, you stumble into an agent of your *enemigos* before anyone can provide medical aid.

BANCO NACIONAL

{ National Bank }

It's too risky to walk around with a big bag full of dinero, especially in Durango. But who said a bank is not without risks too? You know what they say: ladrón que roba a ladrón...there's no honor among thieves.

BANCO NACIONAL

When you deposit a large sum to your secret accounts at *el banco nacional*, roll with Heat. On a miss, everything goes smoothly; raise your lifestyle one level until time passes. On a 7-9, your deposit raises your lifestyle as on a miss...but you attract the attention of *los federales*; take +1 ongoing to Heat until time passes, as well. On a 10+, your deposit goes missing when a corrupt clerk seizes the opportunity to make some easy money; take -1 ongoing to *straining your finances* until you recover the cash.

PLAZA PRINCIPAL

{ Town Square }

The Plaza Principal is one of the most prominent downtown landmarks, the vital, beating heart of la ciudad. Each weekend, the colors and fiesta attract ordinary citizens who share in the simple joys of city life in México.

YONKE

When you bury a dead NPC at *el narco's* junkyard, roll with Heat. On a miss, nobody sees your dirty work; clear 1 stress as you lose the body for good.

LA SIERRA

{ Mountain Range }

Away from everything, hard to reach, lots of places to hide. Sure, going alone to la sierra to get off the radar sounds like a great idea. Clean water, a cozy bed, internet...who needs those things!

LA SIERRA

When you flee to *la sierra* to hide, roll with Hustle. On a 10+, you find a secure spot to lay low; they lose your trail for now. On a 7-9, you can lose them, but you'll need to sacrifice any amenities or protections you planned to have...you'll be alone in the wilds, *citadino*; fill your stress track when you get back to town to reflect the harrowing experience. On a miss, you stumble onto the hideout of a dangerous enemy. *Buena suerte, cabrón!*

BILLARES “BOLA NEGRA”

BILLARES “BOLA NEGRA”

When you go to the *Bola Negra* to buy some illegal weapons, roll with Grit. On a hit, choose any weapon off *La Sicaria*'s playbook, provided you can pay. On a 10+, the *traficante de armas* is running a special; pick something else off the list for free. On a miss, someone you've previously taken for a lot of cash decides they've had enough; they ambush you as you're headed for your car after the game. *Mierda!*

CERESO

{ Movie Theater }

After a few years of abandonment, the old cine Paraíso has been restored as one of the most beautiful cinemas downtown.

Everyone goes there now to see their favorite films, even your enemies.

CINE “PARAÍSO”

When you follow someone to the movies in disguise and *size them up*, roll with Hustle instead of Savagery. On a miss, you give yourself away; mark two stress or get caught by your prey, your choice.

MIRADOR “LAS LOMAS”

{ City Outlook }

A beautiful view of the city at night, el mirador is the preferred place for young couples looking for intimacy...and secrecy.

MIRADOR “LAS LOMAS”

When you take someone to the *mirador* to *get the truth* out of them, roll with Savagery instead of Hustle. On a miss, your attempts at interrogation attract unwanted attention from some civilians.

PANTEÓN MUNICIPAL

{ City Graveyard }

The día de muertos is a festivity for everyone in Mexico. After all, la muerte comes for every single one of us: rich, poor, good, or bad. Sin excepciones.

PANTEÓN MUNICIPAL

When you go to pay your respects to a friend or loved one at the *panteón municipal*, mark stress and roll with Face. On a hit, you feel the guidance of their *alma*; ask them for advice about a situation that troubles you. Take +1 ongoing to address the situation, provided you follow the advice in *todo*. On a 10+, you feel the weight of their passing lift; clear two stress as well. On a miss, you feel only their disappointment; take -1 ongoing to Hustle until you find a way to honor their memory.

CANTINA “CARLITO’S”

{ Old Style Cantina }

Carlito’s cantina smells of old days past: the furniture, the decorations, the piano on one corner, even the guests. It’s like time traveling to the 50s! Time is frozen in there. And that’s the way the guests like it.

CANTINA “CARLITO’S”

When you hide out at Carlito’s for a week or two, roll with Grit. On a hit, keeping your head down pays off; take -2 ongoing to Heat until you end up on *los federales* radar. On a 7-9, you owe someone at Carlito’s for keeping you hidden. On a miss, take -1 ongoing to Heat, but your absence has made everyone forget why you matter; take -1 ongoing to Face as well until you remind them.

PARROQUIA “SAN JOSÉ”

{ Small Church }

Of course we narcos pray! Chingao, we may even be more religious than many of you. Ours is a dangerous trade, cabrón, and our patron saint Malverde looks out for those humble enough to pray on their knees for his favor and protection.

PARROQUIA “SAN JOSÉ”

When you take your weapons to be blessed at *parroquia San José*, roll with Savagery. On a hit, Jesus Malverde will be looking out for you; choose an extra option—even on a miss—the next time you **turn to violence**. On a 7-9, the priests at the church have a messy favor to ask of you; you’ll have to agree before they perform the blessing. On a miss, a priest takes a foolish stand against whatever brought you to the church.

HOTEL “CONTINENTAL”

{ Big Hotel }

The Continental dominates downtown, a majestic castle in the middle of the realm.

The high-end service houses first-class guests, meeting and scheming in its halls.

Get the keys to the castle, and you may find the keys to many secrets.

HOTEL “CONTINENTAL”

When you follow an NPC *federal* or *político* into the Continental to spy on them, roll with stress wagered (max +3). On a hit, you manage to sneak in close to get some juicy intel. On a 7-9, you spend a long time before learning anything useful; mark the amount of stress you wagered. On a miss, a clumsy accident closes off your escape route; mark the stress you wagered and prepare for a rough exit.

TELEFÉRICO

{ Cable Car }

The cable car ride from downtown to el mirador offers a beautiful view and a dangerous moment of intimacy. Perfect for secrecy...and other murderous things.

TELEFÉRICO

Mark xp when you hold a secret meeting in the cable car; advance when you kill someone unsuspecting while riding in the cable car together. Once you've used this location to advance, you can't use it to mark xp or advance again.

MERCADO MUNICIPAL

{ City Market }

The mercado municipal is a carnival of colors and smells. Commodities, produce, healing herbs, food, and fayuca. All cheap for the thin pockets of the commoners.

MERCADO MUNICIPAL

Mark xp when you lose your enemies in the market; advance when you set up a confrontation with an old foe in the market instead of running. Once you've used this location to advance, you can't use it to mark xp or advance again.

TAQUERÍA “LA MALINCHE”

{ Taco Joint }

A local tradition, La Malinche started as a small taco joint in the 50s. Today it's a full-fledged restaurant, with other Mexican dishes and drinks galore. Eso sí, the best food at La Malinche is still the tacos...

TAQUERÍA “LA MALINCHE”

When you *lose yourself in alcohol* at the taquería La Malinche, roll with Savagery instead of Grit and add these to the list of alcohol drug moves:

- ⚠️ attract unwanted *atención* by embarrassing yourself in public
- ⚠️ leave something *importante* behind when you head out
