

# First Annual (?) Ryuutama Halloween Scenario Spectacular!!!

October 23, 2018

Happy Halloween Travelers!

Ever since I was a kid, Fall has been my favorite time of year. The deep hues of dead leaves and desiccating winds are harbingers of my favorite festival: Halloween! This year I thought I'd share my love for the holiday by offering some prizes to those who also feel the spirit of the season and produced scary scenarios. Many intrepid Ryuujin heeded my call and put forth some truly wicked entries, and I am very proud to share them with you.

## **1st place: Loren Ponder with "Everfall"**

Loren's entry absolutely blew me away. The attention to detail is apparent in every line and the art matches the Ryuutama aesthetic perfectly. Red Ryuujin scenarios are quite rare, and the fact that this one includes romance and a pumpkin party is just too good.

## **2nd place: Mike Pureka with "All Soul's Night"**

Mike's entry is a very strong scenario with lots of detail and even more Halloween theme. The scenario also includes some very sensible homebrew rules that, in themselves, make this scenario a must-read.

## **3rd place: Tim Pratt with "Corn Daze"**

Tim's entry was another jam-packed with great flavor (specifically corn). This Blue Ryuujin scenario has plenty for a group of any level to do for a full night of Halloween fun.

There were so many good entries that it was extremely difficult to pick out just three of them. The rest of the scenarios are presented here in no particular order. If there are any others that you enjoyed, please share your thoughts with us on the Ryuutama subreddit or the KotoHI discord server.

Thank you again to everyone who participated, you made this an incredible Halloween!
