STARTING MOVES

ARSENAL

Years of fighting unpredictable foes in the arena have taught you to be prepared for just about anything. In addition to whatever primary weapons you carry, you're loaded down with lethal oddments: bone darts, obsidian knives, razor-edged gloves, whatever. Your arsenal is abstract, disposable, not really a "thing."

When you **go into battle fully equipped**, you have 2-arsenal. You can have a maximum of 3-arsenal at any time.
