

## Errata for *GRM4-03 Ripe for the Picking AR*

Version 1.0 – 04/05/2004

On the AR, cross out the Death Mark and attach the following entry to the AR:

**Demerits with The Corporation:** This is given to any PC that is a member of The Corporation who has divulged publicly any secrets of The Corporation. This includes use of CorporateSpeak in public as can happen in the statue encounter. Per the Law of Silence found in The Corporation documentation, affiliate members gain two demerits for the breach, members gain four demerits, and senior members gain eight. This means that members will be demoted to affiliate until the demerits are removed and senior members will be removed from The Corporation with a Death Mark. Players whose PCs receive the Death Mark must always present a copy of the Corporation Members document to the table anytime these PCs are played so that judges can effectively administer the Death Mark.

Number of demerits given: \_\_\_\_\_

New Rank of PC: Non-Member / Affiliate (please circle).

Was a Death Mark issued on this PC: Yes / No (please circle).
