• **Fee for Services Rendered:** You paid the tracker Seura his fee. Deduct 10% from gold earned.

• **Reputation of a Scoundrel:** Word of your refusal to pay Seura is getting around. Veluna NPCs have a (20%) chance to have heard that you are a petty cheat and a liar. If so, they will not deal with you unless a respectable companion vouches for you. (Inform DMs and players at future tables of this disfavor as well as your meta-orgs, if any.)

• **Megaloceros Horn Scale Mail:** This non-metal armor is made from plates carved from the horns of a megaloceros. It functions as dragonhide armor, except that it has hardness 7. (Cost: varies by APL)

• **Favor of House Mori:** For saving Squire Rymar, you earn the gratitude of House Mori of Devarnish. This favor counts as one influence point with any Church or Military meta-organization in Veluna.

• **Ever-growing Incisors:** Though your lycanthropy has been removed, one effect lingers. Your front teeth are now a size larger and grow a little every month. Periodic filing can keep them in check, but you are developing a taste for crunchy foods.

• **Root of the Circle:** Geirolf Murtagh gives you a finger-sized root, explaining that he is glad not to have been washed away. If planted in soil within the Vale of Luna, this root will sprout an ash sapling in minutes. A branch of the sapling will point to the nearest of one of these items that you request: food, water, shelter, a Circle of Life member, or a cardinal direction. Once used, the enchantment is exhausted, though the tree remains. Alternatively, the root may be exchanged for one influence point with the Circle of Life. The root will function only for the original recipient.

• **Memories of Ancient Days:** The Primeval Levi teaches you to access your racial memories. Once, as a free action, you can remember the power you had when the world was young to gain a +4 Str, +4 Con, -2 Int, and -2 Cha for a number of rounds equal to your (newly improved) Con bonus. Mark off when used.

• **Big Pol:** This double-bitted lumberjack's axe acts as a great axe of Large size.
