## Favorable Notice of the Archmage

You have shown your true colors to Archmage Zenith, Dean of the College of Magic. You have also agreed to keep the secret of Gahida from the populace at large, and will respond immediately to any summons by Archmage Zenith, no matter the time or place. Who knows what may come of your actions and involvement with such a powerful leader within Pekal? One thing is for certain; it is far better to be regarded as an ally than regarded as an enemy by one of the most powerful wizards known on the face of Tellene.
