➤ **Favor of Knight Colonel Jabbar:** You have the favor of Knight Colonel Jabbar. This favor may be useful in the future. Active Duty military, on this AR, may use the favor immediately to secure a promotion to the next non-commissioned rank up to at most Senior Staff Sergeant (waiving time in grade or promotion limits); if you are less than Sergeant rank you are promoted to Sergeant rank instead of a single non-commissioned step. Mark favor as USED when it is spent.

➤ **Black Star Mercenaries:** The Black Star mercenaries are thankful that your mission both got them out of their contract and provided them with excellent new mounts. The mercenary band owes you a favor which can be redeemed at another time. Until you redeem this favor you begin every Gran March adventure with a maximum hp heavy war horse (black with white socks). This is a borrowed animal and cannot be converted to a special mount or animal companion. Mark favor as USED when it is spent.

➤ **Baronial Medal of Honor:** This active duty Gran March military and veteran PC has performed above and beyond the call of duty.

➤ **Citizen of the March:** A team leader not qualified for the **Knight of the March and Hammerlord** is offered Gran March citizenship by Commandant Fiat. In such a case you are also inducted into the **Order of the Silver Hammer**.

➤ **Knight of the March and Hammerlord:** A Gran March military, veteran, or citizen team leader is made a Knight of the March. You are inducted into the Order of the Golden Hammer, and you can use the title Hammerlord (or lady) as a result. A Hammerlord gains a +2 circumstance bonus to their Leadership Score and a +5 circumstance bonus to Gather Information checks in the Sheldomar Valley.

➤ **Order of the Silver Hammer:** You are inducted into the Order of the Silver Hammer. You can use the title Hammerstrike as a result. A Hammerstrike gets a +1 circumstance bonus to their Leadership Score and a +5 circumstance bonus to Gather Information checks in Gran March.

➤ **Special Mount:** You may purchase a Large or Huge monstrous centipede, trained as a mount. The Large mount costs 1,000 gp to attune it to you, plus special herbs costing 25 gp per adventure so it will remain docile. The Huge mount costs twice as much to attune and for the herbs. Gran March cities will not allow these creatures within their boundaries. Vermin have no tricks, and Ride checks are +5 to the DC (with control mount in combat check to stop mount from fighting when it has been attacked). The centipedes can only use their Climb speed with a rider when they are at light encumbrance.

Paladins of 5th level and higher may summon a Large celestial monstrous centipede as a paladin mount without a purchase. Paladins of 8th level and higher may summon a Huge celestial monstrous centipede as a paladin mount without a purchase.
