DUNGEONS & DRAGONS™

The Art of Wayne Reynolds

When Wizards of the Coast and IDW Publishing agreed to bring DUNGEONS & DRAGONS back to the comics page, one name immediately came to mind when it came to cover artists: Wayne Reynolds.

Wayne has become a staple in fantasy and roleplaying game art over the past decade, having produced an astounding amount of covers and interior work, most often in his preferred medium of acrylics.

Unfortunately for us, Wayne's schedule is far too overcrowded for him to be able to make a monthly commitment to our ongoing series. But as luck would have it, Wayne was itching to get back into the comics field, where he made his mark in legendary British comic *2000 AD*, and agreed to paint the covers for each of our #1 issues.

It's quite an honor to have Wayne's art grace our comics, adding to his already considerable body of work. And in this book, we're giving you a small slice of that oeuvre.

With the help of Wizards Senior Art Director Jon Schindehette and Wayne, himself, we've selected 18 images that are representative of the imagination and dynamism that go into every piece Wayne produces.

And here they are, free of any text or trade dress.
