she can attempt to constrict the opponent or swallow the
opponent on the following round.

Swallow Whole (Ex) Varanthian can try to swallow a grabbed
Medium or smaller creature by making a successful
grapple check. If she swallows an opponent, she can use
Cleave to bite and grab another opponent. A swallowed
creature takes 2d8+10 damage plus 8 acid damage each

Bloodcurdling Roar (Su) The mournful howling of a ghost brute chills the living to the core. The creature can howl as a standard action. All living creatures within a 30-foot radius must make a successful Will save or become frightened for 2d4 rounds; those more than 30 feet away but within 300 feet must make a Will save or become shaken for 2d4 rounds. This is a sonic, necromantic, mind-affecting fear effect. A creature that successfully saves against the bloodcurdling howl cannot be affected by the same ghost brute's howl for 24 hours.

Corrupting Touch (Su) A ghost brute that hits a living target with its corrupting touch attack deals 1d6 points of damage. Against ethereal opponents, it adds its Strength modifier to attack and damage rolls. Against material opponents, it adds its Dexterity modifier to attack rolls only.

Rejuvenation (Su) A destroyed ghost brute lion returns to its old haunt with a successful level check (1d20+5) against DC 16. The only definitive way to destroy a ghost brute lion is by destroying the Heart of the Lion in area 15 of the Ghostlord's lair.

Improved Grab (Ex) To use this ability, a bonedrinker must hit with a tentacle attack. It can then attempt to start a grapple as a free action without provoking attacks of opportunity. If it wins the grapple check, it establishes a hold and deals automatic claw or tentacle damage to the grappled victim. It can deal automatic claw or tentacle damage in each subsequent round that it maintains the grapple, and a bonedrinker that has successfully pinned an opponent can begin to drink its bones (see Bonedrink, below). Bonedrinkers have a +4 racial bonus on grapple checks.

Bonedrink (Su) Once a lesser bonedrinker has successfully grappled an opponent, it can begin to drink its bones. To do this, it must pin its foe, at which point it fastens onto the creature with its fangs and secretes a painful toxin that deals 1d4 points of Constitution damage. Each round the pin is maintained, the bonedrinker deals an additional 1d4 points of Constitution damage. Creatures reduced to 0 Constitution die; their bones become too brittle to support their bodies and they collapse into a sack of loose flesh. Creatures without bones or Constitution scores are immune to this ability.

Pounce (Ex) If a bonedrinker charges, it can make a full attack in the same round.

Unholy Toughness (Ex) A lesser bonedrinker gains a bonus to its hit points equal to its Charisma modifier × its Hit Dice.

The Ghostlord can use this ability twice a day and can assume a Small, Medium, or Large form. He sometimes takes the form of a skeletal dire lion. thunderlizard gains an extra 2d6 points of damage on its
charge attack.

Electricity Arc (Su) As a standard action, a bluespawn
thunderlizard can create a 100-foot-long line of
electricity. Creatures in the line take 6d6 points of
electricity damage (Reflex DC 19 half). The save DC is
Constitution-based.

Electricity Link (Su) When bluespawn thunderlizards gather,
electrical energy surges between them. The powerful
energies that roil within their bodies reach out and connect
to each other. As a swift action, a bluespawn thunderlizard
can cause a line of electricity to fire from itself to another
bluespawn thunderlizard within 100 feet. Creatures in the
line take 3d6 points of electricity damage (Reflex DC 19

Bloodcurdling Roar (Su) The mournful howling of a ghost brute chills the living to the core. The creature can howl as a standard action. All living creatures within a 30-foot radius must make a successful DC 14 Will save or become frightened for 2d4 rounds; those more than 30 feet away but within 300 feet must make a Will save or become shaken for 2d4 rounds. This is a sonic, necromantic, mind-affecting fear effect. A creature that successfully saves against the bloodcurdling howl cannot be affected by the same ghost brute's howl for 24 hours.

Corrupting Touch (Su) A ghost brute that hits a living target with its corrupting touch attack deals 1d6 points of damage. Against ethereal opponents, it adds its Strength modifier to attack and damage rolls. Against material opponents, it adds its Dexterity modifier to attack rolls only.

Rejuvenation (Su) A destroyed ghost brute lion returns to its old haunt with a successful level check (1d20+5) against DC 16. The only definitive way to destroy a ghost brute lion is by destroying the Heart of the Lion in area 15 of the Ghostlord's lair.

Draining Touch (Su) A ghost dire lion's touch attack drains 1d4 points of Strength from its target. On each such successful attack, the ghost heals 5 points of damage to itself.

Rejuvenation (Su) A destroyed ghost dire lion returns to its old haunt with a successful level check (1d20+8) against DC 16. The only definitive way to destroy a ghost dire lion is by destroying the Heart of the Lion in area 15 of the Ghostlord's lair.

Bonedrink (Su) Once a lesser bonedrinker has successfully grappled an opponent, it can begin to drink its bones. To do this, it must pin its foe, at which point it fastens onto the creature with its fangs and secretes a painful toxin that deals 1d4 points of Constitution damage. Each round the pin is maintained, the bonedrinker deals an additional 1d4 points of Constitution damage. Creatures reduced to 0 Constitution die; their bones become too brittle to support their bodies and they collapse into a sack of loose flesh. Creatures without bones or Constitution scores are immune to this ability.

Pounce (Ex) If a bonedrinker charges, it can make a full attack in the same round.

Unholy Toughness (Ex) A lesser bonedrinker gains a bonus to its hit points equal to its Charisma modifier × its Hit Dice.
