Summer 2011

The Tékumel Project

The Tékumel Project is dedicated to the creation of 28mm scale miniatures¹ depicting the flora and fauna of M.A.R. Barker's Tékumel setting. Tékumel and the Empire of the Petal Throne are the creation of M.A.R. Barker and are copyrighted by him. Our ranges have been created with his approval.

Our miniatures are offered for sale through the Tékumel Club to members and non-members alike, though - as they say - membership does have its privileges!

Note that our miniatures may contain lead and have sharp points. Our miniatures are not meant for children or to be ingested. Do Not Eat Our Miniatures!

Also note that in some instances where the miniatures are intended to be armed with spears, darts or javelins - that these are not included. This is because often these weapons are too fine to cast properly, or if cast, are not really suitable for gaming with - which is the primary purpose of our miniatures! In these cases the customer must supply their own spears. We recommend wire spears, commonly available from a variety of sources or fashioning spears from brass wire which can be found in many good Hobby Shops.

¹ Our miniatures are scaled so that a human figure is 28mm from base of foot to the eye.

The Tékumel Club

What is the Tékumel Club?

The Tékumel Club was set up to help support our range of Tékumel miniatures. Club members are asked to purchase an annual membership to the Tékumel Project.

The purpose of the fee is to help off-set the cost of the sculpting, which is the greatest single cost in the manufacturing process. A typical 28mm figure can cost \$300-\$350US, or more depending upon the sculptor - though there are ways of reducing these costs through the use of blanks or dollies.

All monies from the club memberships are put towards the fees paid to sculptors and other artists producing Tékumel materials.

Joining The Tékumel Club grants the member a discount on miniatures sold through the club. The discount depends upon the Membership level purchased.

Fee Paid:	Membership Rank:	Discount:
\$0	Nakomé (non-member)	0%
\$20	Tirrikámu	10%
\$30	Heréksa	20%
\$40	Kási	30%
\$50	Molkár	40%
\$++	Kérdu	50%

Note that the Kérdu level of membership is a special level for those individuals who want to contribute more than the base level towards what we are doing. Please contact Howard Fielding at the email shown below for more information.

Pricing:

Prices are determined by membership level (See the Tékumel Club page for an explanation.) Each available item has the pricing shown in its section. All prices are in US dollars.

Pricing depends upon the item, but in general we try to group the figures into *warbands* and *hordes*. For these the assumption of \$4.00US single figure price is made (non-member.) A *warband* consists of 10 troopers and 4 command or character figures. It is priced at \$40US (non-member) so the command figures are free; a *hordes* pack consists of 10 troopers without the command, and is priced at \$30US for non-members.

Special figures, special sets and vignettes are priced depending upon the set.

Special Order Figures:

To order figures marked “Special Order” you must email to ask about availability and pricing.

How much is Postage?

We now have a Flat Shipping Rate for orders:

Canada: \$5.00
