## KICKERS

Feel free to steal one of these options for a Scene to Establish. Think about what you want for your character!

Your character and someone else's are stuck in the swamp—perhaps literally. How will you get out, with the Beast closing in?

At a public meeting, your character voices their opinion about the Beast.

Your character and someone else's discuss their plan for making money off the Beast hysteria. What's the plan?

Your character and someone else's have an intense argument about the reality of the Beast that ends in either fists or kisses.
