THE SCORE

IT'S ALIIIIIIIIIIIVE!

Attack of the 50 foot Fiasco is a sendup of the 50's B-movie horror genre. A black and white slurry of all the thrills, chills, and low budget special effects you can handle. It may have come from outer space, but one thing's for sure, it's going to be a fiasco.

MOVIE NIGHT

The Curse of Frankenstein, The Creature from the Black Lagoon, Plan 9 from Outer Space, Tarantula!, Invasion of the Body Snatchers, The Blob, The Fly, Godzilla, Mothra, Little Shop of Horrors, Rocky Horror Picture Show.
