Proficiencies:

The War Mage is proficient with all simple and martial weapons and light and medium armor and all shields except tower shields, additionally, the War Mage can cast spells in light and medium armor without incurring a chance of spell failure

Class Features:

Bloodline:

At first level, the War Mage chooses a bloodline from the sorcerer bloodline list, This choice cannot be changed this

bloodline acts exactly like the one from the sorcerer section of the Pathfinder RPG core rulebook, including the bloodline powers.

Magic Armory:

At first level The War Mage can copy weapons and armor magically and store them in a Magical Armory that lets them summon and equip weapons and armor at will summoning armor or a shield is a free action and summoning a weapon is a swift action any weapon or armor can be store as long as they are proficient in it. The war mage can store up to one weapon and one set of armor at level 1 and this limit increases by +1 at level 4 and every third level after that until level 10 to a maximum of four weapons and four sets of armor. The War Mage can dispel any of their currently equipped weapons and armor at will. The War Mage can also recall the weapon if it leaves their hands as if with telekinesis, meaning they could use their weapon as a thrown weapon and recall it either through telekinesis or they can have the weapon appear in their hands.

Arcane Pool:

At 1st level, the War Mage gains a reservoir of mystical arcane energy that he can draw upon to fuel his powers and enhance his weapon. This arcane pool has a number of points equal to his War Mage level + his Charisma modifier. The pool refreshes once per day after 8 hours of rest.

At 1st level, a War Mage can expend 1 point from his arcane pool as a swift action to grant any weapon he is holding a +1 enhancement bonus for 1 minute. For every four levels beyond 1st, the weapon gains another +1 enhancement bonus, to a maximum of +5 at 17th level. These bonuses can be added to the weapon, stacking with existing weapon enhancement to a maximum of +5. Multiple uses of this ability do not stack with themselves.

At 5th level, these bonuses can be used to add any of the following weapon properties: dancing, flaming, flaming burst, frost, icy burst, keen, shock, shocking burst, speed, or vorpal.

Adding these properties consumes an amount of bonus equal to the property's base price modifier. These properties are added to any the weapon already has, but duplicates do not stack. If the weapon is not magical, at least a +1 enhancement bonus must be added before any other properties can be added. These bonuses and properties are decided when the arcane pool point is spent and cannot be changed until the next time the magus uses this ability. These bonuses do not function if the weapon is wielded by anyone other than the magus.

A War Mage can only enhance one weapon in this way at one time. If he uses this ability again, the first use immediately ends.

Spectral Sword:

At third level, The War Mage gains the ability to summon a spectral sword of magical energy, the swords are summoned around the shoulder to the side of the War Mage and launched at a target of their choosing. This does not require an open hand to summon as they are summoned with the mind and require no gesture or spoken words to summon this ability functions as a ranged weapon that has a range of 120ft and does 1d6 damage per sword. At third level you can summon one sword and every third after that you can summon one more with a maximum, of four swords at level 12 these swords can hit separate targets or the same target

Spell Weapon:

At third level, The War Mage can spend one spell slot higher on any damage dealing spell to turn that spell into a weapon, the spell turns into a one handed melee weapon or ranged weapon that the War Mage is proficient with and looks as if the spell itself was formed into a shape of the weapon (for example using spell weapon on shocking grasp creates a sword made entirely out of electricity) the weapon does the damage of the spell and is now a melee attack or ranged attack, regardless of the range of the spell and retains all other traits or effects the spell might have, this can be done a number of times per day equal to the War Mage's charisma modifier this limit also increases once every third level after the third until level twelve to a total of the War Mage's charisma modifier +3 turning a spell into a spell weapon requires a swift action and a

successful casting of the spell in question and lasts for 1 minute + charisma modifier and cannot be disarmed, letting go of the spell weapon dispels it.

War Mage Arcana:

Starting at third level, and every third level after that until level 18, the War Mage can choose one ability from the War Mage arcana list below unless stated otherwise every War Mage arcana is a swift action to use and can only be used on the War Mage.

stack with that granted by wearing armor or natural armor, but not any other source that grants an armor bonus.

Elemental Swords

You can spend one point from your arcane pool to give your spectral swords 1d6 of elemental damage of your choosing for a number of rounds equal to your charisma modifier you can spend one more point to increase the damage by one more damage die at 6th and 9th level you can also apply this arcana to Arcane Blast, Burst and Eruption.

Elemental Charge

You can spend 1-6 arcane points to increase your movement speed by 20 ft and dash along the ground on a trail of an element of your choosing creating a wall of that element in front of you, colliding into any creature or object during this movement will deal damage between 1-6 D6 of damage + charisma modifier the amount of dice used is equal to the amount of points spent.

Share Armory

Using at least one arcane pool point, you can share with one other person any weapon or set of armor from your magic armory for a minimum of 1 minute you can increase the time by 1 minute for every 1 extra point spent.

Create Material

You can spend a point from your arcane pool to create any material component for a spell of your choosing, creating the material is a free action and requires one free hand and can create materials with a cost of gp equal to $100 * \text{charisma modifier}$.

Emergency Spell

You can spend arcane points equal to the spell slot needed +2 to cast one spell you know you can only use this arcana for a spell in a slot you can cast normally and cannot use this arcana for spell weapon.

Spell Rage (must be at least level 18)

This ability takes all your arcane pool points you currently possess and you must have at least half of them remaining to use you gain the blood-rage ability and all the blood-rage powers of your level in your bloodline, you cannot cast spells while in this state except for one that gets cast at the moment of activating this arcana that spell must fit the requirements for spell weapon, the spell turns into two spell weapons that you dual wield as if having the two weapon fighting feat, spectral sword defense activates with 4 swords and you get one size category larger, your movement speed increases by 10 ft. You cannot discern friend from foe while in this state. This state lasts for a number of rounds equal to your charisma modifier and after the spell rage ends, you are exhausted and take damage equal to half your total hit points at the time of activation in non-lethal damage.
