DOWN AT THE DOCKS!

The lifeblood of any port city, the waterfront is the place to go to get the latest news from distant realms and the first shipments of rare imports. Unfortunately, it's also a prime place for thieves, pirates, press gangs, sea monsters, and worse to lie in wait. A trip to the waterfront should never be dull, and now this iconic city locale comes roaring to life in the latest of Paizo Publishing's

GameMastery Map Packs! This line of gaming accessories provides simple and elegant tools for the busy Game Master. Inside, you'll find 18 beautiful 5" x 8" map tiles that can be combined to form an entire city waterfront—or mix and match to make a dockside scene of your own! These cards present several different waterfront elements, including:

Wooden Piers

Merchants' Boardwalk

Small Fishing Boats

Urban Shorelines

Large Boat

Lots of Hungry Seagulls

Game Masters shouldn't waste their time scribbling boats and piers every time the player characters head down to the docks. With *GameMastery Map Pack: Waterfront*, you'll always be ready with a place for shady merchant deals or surprise giant octopus attacks!
