MAP PACK

TRESPASSERS WILL BE EATEN!

It's hard being a villain. No sooner do you find an appropriately foreboding place to live, unpack your traps and trophies, and decorate with the remains of past enemies than a band of adventurers rampages in looking to steal your treasure. It's just not fair. But no longer do Game Masters have to spend hours detailing deadly lairs only to see them wrecked in moments. Paizo Publishing brings these deadly dungeons to life in this latest GameMastery Map Pack! This line of gaming products provides simple and elegant tools for the busy Game Master. Inside you'll find 18 beautiful 5" × 8" map tiles that can be combined to form some of the most likely lairs your villains might inhabit, including:

Cavern Lair

Ruined Lair

Urban Lair

Wilderness Lair

Villain Secret Lair

Game Masters shouldn't waste their time drawing each hall and door frame every time the player characters go looking for a fight. Break out the dungeons in *GameMastery Map Pack: Lairs*, because without them, even the deadliest villain is just another wandering monster!
