

**The Stormstalker**

0.375"   
 1.75"   
 Foam Base Template

Cut piece of foam insulation board ("pink board") for base of ship, with hobby blade. Curve to appropriate height (see sides)

Aft Castle (no guns)   
 Aft Castle (+2 guns)

Deck

Larboard (left) Starboard (right)

Glue two sides together. (Stay sail and gaff.)

Glue together.

Back side   
 Front side

Glue two sides of square sails together; do same for stay sail/gaff. Cut slits (dotted lines) in sails so they can fit together at cross-section. (Make slits wide enough to allow for thickness of cardstock.) For square sail, sail goes in front of mast and rigging. Glue base to deck.

Ship Model inspired by Mega Bloks "Captain Cutlass's Stormstalker" (Product 3620). No copyright or trademark challenge intended.

**The Lady Faire**

Aft Castle (no guns)   
 Aft Castle (+2 guns)

Additional sails included for assembly options.
