Flight, Hands, Hover, Leadership 2

The Queadluun-Rau female powered armor suit is arguably the most feared mecha in the Zentraedi Fleet. It can outmaneuver a Valkyrie and outshoot most Destroids, and has the best armor of all Zentraedi mecha. The Queadluun-Rau is piloted by elite, specially trained female soldiers usually deployed in special, all female air-cavalry squadrons. Female Power Armor pilots are among the deadliest adversaries one will ever face.

QUEADLUUN-RAU
