

# WFRP – TEW 3 Power Behind The Throne NPC conversions

By Patrick Füngerlings, 2006

## Foreword

Here it is, at last. It took me quite a while to finish up these conversions as I had a really busy time the last months. But now, as my group is advancing in the Enemy Within Campaign, it was time to get this document finished. As I only have the German version of Power behind the throne (“Die Graue Eminenz”) there are some differences in the names of various NPCs. However, as I am a proud owner of the original “Middenheim – City of the White Wolf” sourcebook, I was able to provide the “original” English counterparts as well. I included every NPC even though you might not need his stats. But if you want to enhance your campaign these stats might be useful for you.

I hope this conversion will help you in GMing the great Enemy Within Campaign.

Special thanks to Chuck Morrison for putting it up on his great site.

For comments, critics, etc. you are welcome to write me an email : p.fuengerlings@imail.de
