

Cutting Tutorial

Materials

Scissors

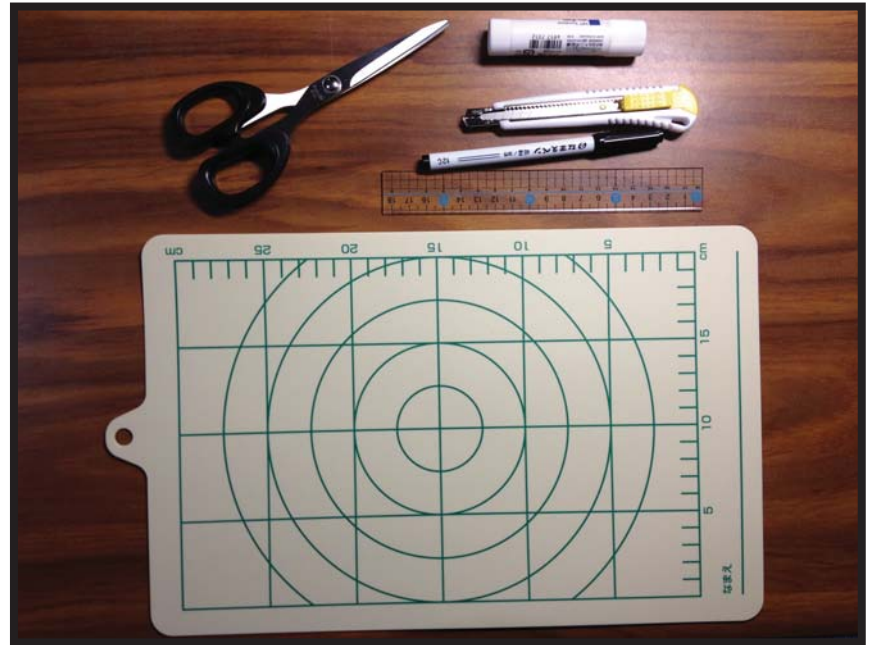

Black Marker

Glue stick

Exacto Knife

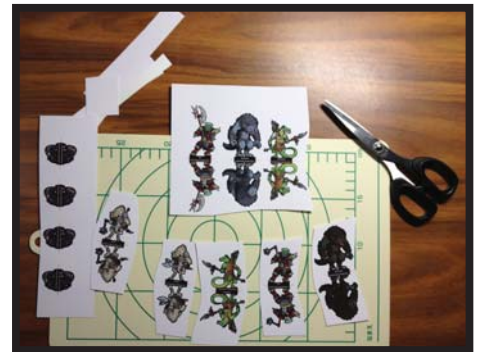

Ruler

Cutting Mat

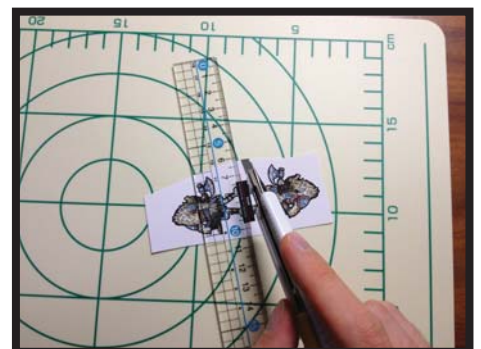

1

Cut the miniatures out with scissors.

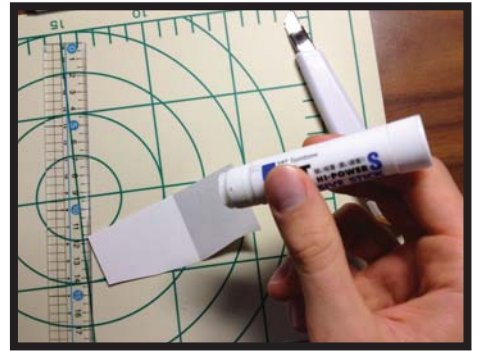

2

Score the miniatures along the red line with an exacto knife.

3

Glue the back of the miniature and fold the paper together.

4

Wait until the glue dries then cut the miniature out with the knife. Stab and pull the knife to make clean cuts.

5

After you've cut out the miniature edge the model with a black marker.
