

100 Character Personality Archetypes

By Joshua Kubli, Imperfekt Gammes
6 November 2010

Have a sudden need for a basic NPC personality, but have no ideas? These are a few classic personality archetypes. You can roll a couple of times to get more depth, or even use the archetypes as a backstory to explore the NPC's history, and how they came to be who they are today. For more complex characters, roll multiple times, and explore how the character got to be that way. Give it a try!

- | | |
|----------------------------|-------------------------------|
| 1. Mad Scientist | 27. Swashbuckling Romantic |
