

GENERAL FANTASY SERIES

THE BOOKSHELF STUFFER

VOL. 4:

KITCHEN COLLECTION

Top Fashion  games

A LITTLE SOMETHING TO READ:

It is not uncommon for the starring characters of a fantasy adventure to find their selves picking a book off of a shelf. They may be trying to find a secret door, looking for more magical manuals, or simply browsing for something to read. But what kind of book did they retrieve? Who is the author? What is the title of the book?

In this third volume of The Bookshelf Stuffer there are twenty possible books for the characters to come across, complete with information regarding the race or culture that the book was written and published for, who the author was, a brief description, and the average value of the book. The books in this edition represent the library selections most interesting to bardic characters.

ALL THE EDITIONS THUS FAR:

As different libraries require different tastes, the various editions of The Bookshelf Stuffer up to this point are presented below:

The Bookshelf Stuffer, Vol. 1: "A Little Bit Of Everything"

The Bookshelf Stuffer, Vol. 2: "Wicked"

The Bookshelf Stuffer, Vol. 3: "Bardic Favorites"

The Bookshelf Stuffer, Vol. 4: "Kitchen Collection"

INSTRUCTIONS REGARDING THE LISTINGS:

The books in this guide are listed in a formatted manner that is easy to read, understand, and convert over to most any paper and dice, fantasy role playing game. The information regarding each part of the listing is provided below...

Roll: In the event that the game master wishes to have the players randomly pick up a book, the roll section provides notes for using a twenty sided die to roll for the books.

Book Title: This area contains the title of the book.

Race/Cultural: This area determines the race/culture that wrote the book and/or the race/culture that the book is intended for. Such determination may also include the language that the book was written in.

Value: This is the average value for a copy of the book as taken off someone's self. In other words, the value represents the worth of such a book in used but average to good condition. For the purposes of finding such a book in brand new condition, increase the value to 150% the listed amount. For the purposes of finding such a book in poor condition, decrease the value to 50% the listed amount.

The values represented in this version of the Bookshelf Filler are in gold coinage. To determine the author's intended value of a gold coin for ease of conversion to your choice role playing system, use the information below.

1copper= a small amount of money, equal in value to the purchase of a simple torch, a very small loaf of bread, or the petty offering to a beggar.

1silver= a staple monetary sum, equal to a poor, unskilled laborer's work for one day or a plain, simple meal at a small inn. One silver coin is worth around ten copper coins.

1gold= a sum of money mostly used by skilled craftsmen, merchants, and aristocrats. One gold coin is worth around ten silver coins.

DESCRIPTION:

A Monstrous Guide To Foul Stews:

This 300 page, leather bound book contains over 800 different recipes gathered from the culinary interests of trolls, orcs, goblins, hobgoblins, ogres, and reptilian creatures. Also included are various recipes on preparing and cooking the flesh of such creatures listed above. There are a fair amount of recipes as well regarding the meats of other different monsters.

Author: Halldorus Ironhinge

And Thus I Cooked Their Livers:

A foul, controversial, and mostly banned book, this 125 page tome deals with numerous accounts of battle time cannibalism along with a few sample (and quite unsavory) recipes. Due to its shocking nature, And Thus I Cooked Their Livers has become extremely valuable amongst collectors of rare books.

Author: Gullis Arrowcrook

Cooking A Unicorn:

Perhaps Grathe's most controversial of recipe books, Cooking A Unicorn features over 250 pages on the field dressing and preparation of a

slain unicorn. Included are over 300 different recipes focusing on the utilization of unicorn meat.

Author: Grathe The Stumper Of Wrists

Cooking With Wine:

This 150 page book contains over 220 recipes that utilize wine as a cooking ingredient.

Author: Tallida Rosecottage

Great Autumn Recipes:

This 100 book features a collection of popular autumn recipes.

Author: Hanson Kettle

Of Marrow And Gristle:

Of Marrow And Gristle is a 120 page, hide bound book features over 200 hundred different hobgoblin recipes, each more disgusting than the previous.

Author: Grathe The Stumper Of Wrists

Horse Meat And Wild Grasses:

This rare, survival orientated cook book is intended to be carried on one's journeys. Within

the hide bound covers are 300 different recipes along with extensive notes regarding the act of foraging for food in the wild.

Author: Gullis Arrowcreek

Of Basil And Basilisks:

Ironhinge's finest book, Of Basil And Basilisks is a 500 page, leather bound book containing nearly 2,000 recipes for cooking up the meat and organs of monstrous creatures. While special attention is given to basilisks, nearly 150 different recipes in fact, there are recipes covering the preparation of no less than eighty different types of monsters.

Author: Halldorus Ironhinge

Oh Savory Bloodstock:

Another edition of recipes from Grathe, The Stumper Of Wrists, this 100 page tome mainly deals with the use of bloodstock in various stews and other prepared dishes.

Author: Grathe The Stumper Of Wrists

Orcish Recipes:

This hideous, 200 page book contains 500 different orcish recipes.

Author: Zul The Cleaver

The Butcher's Guide To Dragons:

Considered to be a rare and heavily sought after item, The Butcher's Guide To Dragons is a 500 page tome detailing the field dressing, preparation, and butchering of dragons, dragon kin, and various reptilian creatures. Also included are over 350 different recipes.

Author: Bert Bellthane

The Butcher's Manifesto:

Written by master butcher, Bert Bellthane, this indispensable, 750 page guidebook details the slaughtering, field dressing, preparation, and general butchery of a wide variety of animals, monsters, and critters. Also included are over 1,200 different recipes, including appetizers, soups and stews, and main courses.

Author: Bert Bellthane

The Country Tavern Guide:

This common, popular book contains over 250 different recipes for rural taverns and inns.

Author: Tallida Rosecottage

The Culinary Practice Of Elves:

This rare, long lost book is rumored to contain some of the finest elven recipes to have ever been written down. This book is also somewhat

controversial due to the fact that a number of these recipes were once the family secrets of various elven nobles and master cooks.

Author: Articialius Felladane

The Guardsman Chef:

Perhaps the only truly accepted book of Gullis Arrowcreek, The Guardsman Chef is a practical, 250 page tome of recipes geared towards those trying to feed anywhere from a tower of five local guardsmen to an army of two thousand troops. Over 400 recipes are featured in this book.

Author: Gullis Arrowcreek

The Inn Cook's Tome:

This 800 page, leather bound tome is highly respected as being a master inn cook's standard.

Author: Hanson Kettle

The Sizzling Of Bone And Flesh:

This 100 page tome is a collection of various goblin recipes.

Author: Ganglis The Wet Toe

Wartime Recipes:

This collection of 120 recipes is angled towards dealing with the preparations of simple meals during the supply shortages of wartime struggles.

Author: Hanson Kettle

Witch Of The Spicy Kitchen:

A little bit naughty, a little bit mystical, and a little bit resourceful, Witch Of The Spicy Kitchen contains over 200 different recipes and a few questionable "potions" for love, lust, and fortune.

Author: Wandella The Wretched

Wyvern Stew And Other Popular Favorites:

This 450 page tome is a legendary favorite amongst adventurers who have gotten into cooking their kills. While the wyvern stew is quite legendary there are many other good recipes dealing with all assortments of slain creatures.

Author: Kolgoffe Hazelgrove
