Copyright Information:

The contents of this product are copyright 2004, Top Fashion Games.

UNIVERSALLY COMPATIBLE:

This product contains information that is designed to be universally compatible with most forms of paper and dice, fantasy role playing games. Information regarding coinage, etc. has been explained within the text of the product to allow ease of conversion.

A LITTLE SOMETHING TO READ:

It is not uncommon for the starring characters of a fantasy adventure to find their selves picking a book off of a shelf. They may be trying to find a secret door, looking for more magical manuals, or simply browsing for something to read. But what kind of book did they retrieve? Who is the author? What is the title of the book?

In this first volume of The Bookshelf Stuffer there are twenty possible books for the characters to come across, complete with information regarding the race or culture that the book was written and published for, who the author was, a brief description, and the average value of the book.

INSTRUCTIONS REGARDING THE LISTINGS:

The books in this guide are listed in a formatted manner that is easy to read, understand, and convert over to most any paper and dice, fantasy role playing game. The information regarding each part of the listing is provided below...

Roll: In the event that the game master wishes to have the players randomly pick up a book, the roll section provides notes for using a twenty sided die to roll for the books.

Book Title: This area contains the title of the book.

Race/Cultural: This area determines the race/culture that wrote the book and/or the race/culture that the book is intended for. Such determination may also include the language that the book was written in.

Value: This is the average value for a copy of the book as taken off someone's self. In other words, the value represents the worth of such a book in used but average to good condition. For the purposes of finding such a book in brand new condition, increase the value to 150% the listed amount. For the purposes of finding such a book in poor condition, decrease the value to 50% the listed amount.

The values represented in this version of the Bookshelf Filler are in gold coinage. To determine the author's intended value of a gold coin for ease of conversion to your choice role playing system, use the information below.

1copper= a small amount of money, equal in value to the purchase of a simple torch, a very small loaf of bread, or the petty offering to a beggar.

1silver= a staple monetary sum, equal to a poor, unskilled laborer's work for one day or a plain, simple meal at a small inn. One silver coin is worth around ten copper coins.

1gold= a sum of money mostly used by skilled craftsmen, merchants, and aristocrats. One gold coin is worth around ten silver coins.
